INVITATION

TO ATTEND THE MILENG COE INDUSTRY DAY 2018

DATE: 4th May 2018

1. I am pleased and honoured to invite you to participate at the annual MILENG COE Industry Day, which this year is the 9th edition. It has become a tradition for MILENG COE with the outstanding support from the German Army Engineer Training Centre (Pionierkaserne auf der Schanz) to host the Industry Day, an event which provides an unique platform where military subject matter experts from NATO bodies and countries have the opportunity to meet companies and enterprises, to share experience and knowledge in order to improve capabilities, products and services within the MILENG fields of expertise. This would be an exceptional occasion to address and attract the special target audience for your products and services in fields related to Mobility, Counter-mobility, Survivability and General Engineering Support.

2. Industry Day 2018 will take place in Ingolstadt, within the barracks of the German Army Engineer Training Centre, on 5th Dec 2018 between 0930 – 1500 hours and it will be conducted in conjunction with the MILENG COE's Information Exchange Seminar (IES). The topic for this year's IES (4th Dec – 6th Dec 2018) is "**Military Engineering support to sustainment and resilience**". The intent is that representatives from the following entities attend the IES: NATO Command Structure, NATO Force Structure, NATO Partners, NATO Agencies, NGOs, IOs, GOs, CIMIC and Academia. During the IES agenda, the 5th Dec is dedicated for the IES delegates to attend the Industry Day which allow you, therefore, to present your products, trends and state of the art technologies to the selected multinational community, as well as to the German Army Engineer Training Centre and the 8th German Army Mountain Engineer Battalion.

3. The MILENG COE intends also to host a symposium related to the IES topic underlined above. Companies that may have products to fit to this topic have the possibility to brief the overall audience during the symposium promoting therefore their assets and their contribution to the success of the military operations in these fields of expertise.

More information and details on the Industry Day 2018 are included in the "Admin Instructions" attached - available on the MILENG COE website <http://www.milengcoe.org/events/Pages/Industry-Day.aspx> where the registration form is active by following the blue button – Vendor Registration.

4. The registration period starts as at 4th May 2018 and closes as at 31st Oct 2018.

If you have any further questions please contact my POC; Ovidiu DAMIAN, Maj ROU Army supportbc@milengcoe.org tel: +49841886605200 – Work.
