INDUSTRY DAY 2018

POST EXHIBITION REPORT

DATE: 17 JANUARY 2019

REFERENCES:

- A. Invitation to attend the Industry Day 2018, dated 4th May 2018.
- B. Administrative Instructions for the Industry Day 2018, dated 4th May 2018.
- C. Final Administrative Instructions for the Industry Day 2018, dated 8th Nov 2018.

1. General.

MILENG COE hosted the 9th edition of the Industry Day on the 5th Dec 2018 supported by the German Army Engineer Training Centre (Pionierkaserne auf der Schanz). Each year, the Industry Day intends to provide an unique platform where military subject matter experts from NATO bodies and countries have the opportunity to meet companies and enterprises, to share experience and knowledge in order to improve capabilities, products and services within the MILENG fields of expertise. This is an exceptional occasion for the companies to address and attract the special target audience to products, services and state of the art technologies related to Mobility, Counter-mobility, Survivability and General Engineering Support.

Industry Day 2018 took place in Ingolstadt, within the barracks of the German Army Engineer Training Centre, on 5th Dec 2018 between 0930 – 1500 hours and was conducted in conjunction with the MILENG COE's Information Exchange Seminar (IES). The topic for the IES (4th Dec – 6th Dec 2018) was "Military Engineering support to sustainment and resilience".

In addition, the MILENG COE, sponsored by FFG - Flensburger Fahrzeugbau Gesellschaft mbH hosted an Enablement Symposium on the 4th Dec 2018 between 1720 – 1900 hours where different companies had the opportunity to brief the audience, promoting therefore their assets and their contribution to the success of the military operations in the logistics, sustainment and resilience fields of expertise.

Finally, MILENG COE organized social events together with Industry representatives and IES attendees such as an icebreaker on the 4th Dec 2018 (1900 – 2100 hours) and a dinner at the Vogelsang restaurant in Weichering, on the 5th Dec 2018 (1900 – 2200 hours).

2. Participating companies.

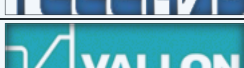

For exhibition, MILENG COE organized 2 indoor platforms (in the Gymnasium Area 1 and Gymnasium Area 2) and an outdoor platform in front of the Gymnasium.

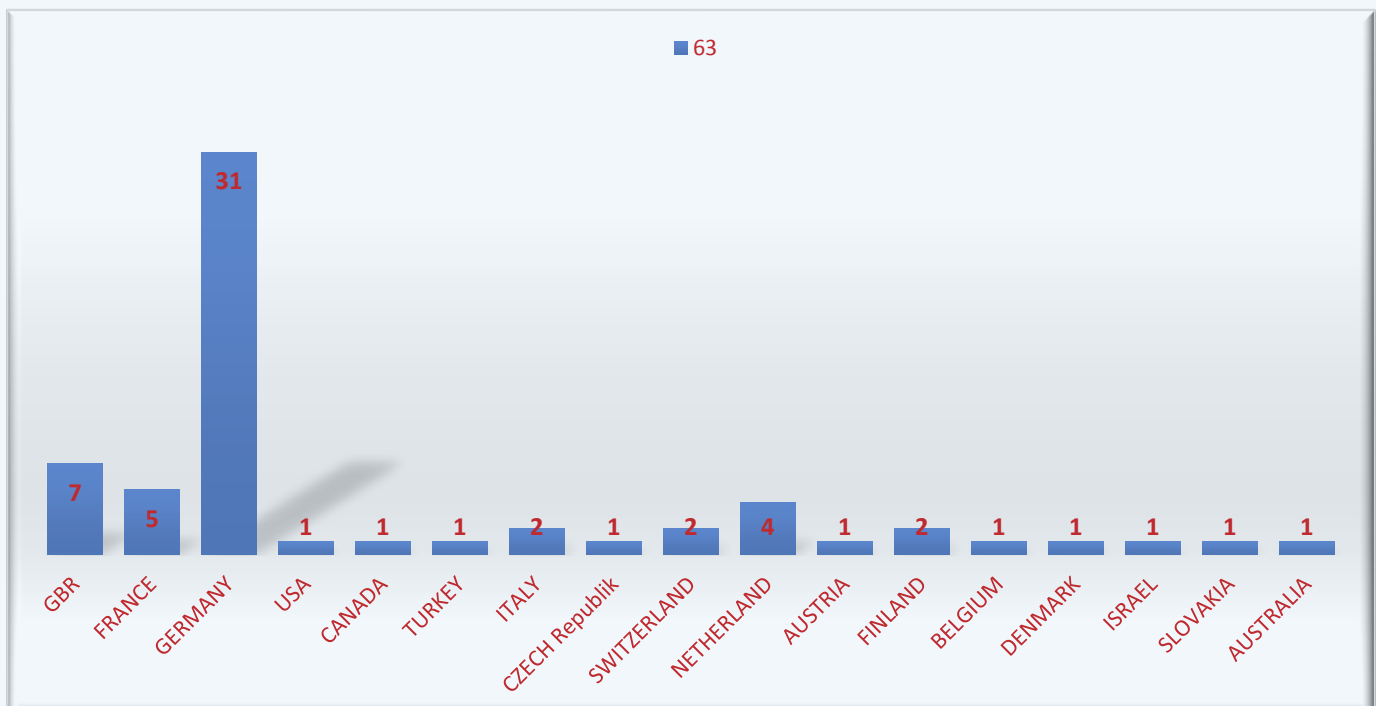

In total there were 63 companies attending this event, from 17 different countries:

3. The outdoor display was consisting in 18 pieces of equipment as follows:

4. The Enablement Symposium – 5 companies were briefing during the symposium:

5. Way ahead.

The Industry Day 2018 was the largest event the MILENG COE has ever hosted. We are looking forward to host again, an outstanding exhibition in 2019.

Key notes for 2019:

- Date of the event - 4th Dec 2019 – between 0930 – 1500 hours.
- Location - Gymnasium / German Army Engineer Training Centre, on Manching Strasse 1, Ingolstadt, Germany
- Invitation and Administrative Instructions will be sent to companies in May 2019 and posted on the MILENG COE website where the registration for the event will be activated - <http://www.milengcoe.org/events/Pages/Industry-Day.aspx>
